10th of February 2010.

To Whom It May Concern:

Donal Brosnan of Architectural Design and development Limited of Brosna, Tralee, Co. Kerry is honest diligent and hard working.

While I was Principle of Mountcollins National School I undertook many building projects in the school, Donal acted as our consultant.

We found him very efficient, fast and trustworthy and his fees were reasonable.

I would earnestly recommend him for any projects in a national school.

Yours Sincerely,

Larry Begley.
